

B.SC Mathematics:

Semester I :

Calculus

Geometry

Algebra I

Semester II :

Mechanics I

Differential Equations I

Algebra II

Semester III

Mechanics II

Differential Equations II

Analysis I

Semester IV :

Vector Analysis

Differential Equations III

Analysis II

Semester V :

Numerical Methods

Numerical Methods Practical Using C

Algebra III

Analysis III

Optional Paper I

Optional Paper II

Semester VI :

Probability Theory

Linear Programming & Optimization

Algebra V

Analysis IV

Optional Paper III

Optional Paper IV
