

BSC – PMC (Physics, Computer Science, Maths)

First Year

- Language - I (Tamil, Malayalam, Hindi, Kannada, Telugu, Arabic) 800
- Language – English - I
- Physics – I (Mechanics, Oscillations, Waves, Electromagnetism)
- Mathematics – I (Algebra and Matrices, Calculus, Vector calculus and Geometry)
- Chemistry – I (Inorganic Chemistry, Organic Chemistry, Physical Chemistry)
- Physics Lab
- Chemistry Lab
- Computer Application

Second Year

- Language -II (Tamil, Malayalam, Hindi, Kannada, Telugu, Arabic) 800
- Language – English –II
- Physics – II (Thermal and Statistical Physics, Electronics)
- Chemistry – II (Inorganic Chemistry, Organic Chemistry, Physical Chemistry)
- Mathematics – II (Real Analysis and metric Space, Differential Equations, Numerical analysis and Vector Calculus)
- Physics Lab
- Chemistry Lab
- C Programming with Practical

Final Year

- Physics – III (Elementary Quantum Mechanics and Spectroscopy, Solid State Physics, Nuclear Physics) 600
- Chemistry – III (Inorganic Chemistry, Organic Chemistry, Physical Chemistry)
- Mathematics – III (Algebra, Complex Analysis, Mechanics)
- Physics Lab
- Chemistry Lab
- Java Programming & Lab
