

1	Programming Fundamentals
2	Fundamentals of Computer Organization
3	Data and File Structure
4	Mathematical Foundation
5	Elements of Basic Communication
6	Web Technology

1	InfoSystems Analysis Design & Implementations
2	Operating Systems
3	Oral and Wireless Communications
4	Accounting and Management Control
5	Probability & Combinatorics
6	Business Programme Lab
7	Unix & Windows Lab

1	Database Management Systems
2	Computer Communication Networks
3	Object-Oriented Analysis and Design
4	Management Support System
5	Statistical Computing
6	DBMS Lab
7	Statistical Computing Lab

1	Network Programming
2	Software Engg. I
3	Elective I
4	Organizational Behaviour
5	Elective 2
6	Network Lab
7	CASE Tools Lab

1	A.I and Applications
2	Software Engineering II
3	Elective 3
4	Elective 4
5	Optimization Techniques
6	AI & Application Lab
7	Optimization Techniques Lab
8	Industrial Lectures Seminar, Project

1 Advanced Technology

2 Quality Testing & quality Assurance

3 Soft Computing

4 Computer Security

5 Minor Project 2

6 Major Projects
