M-Tech – Environmental Engineering

Semester I	
1 2 3	Optimization Techniques & Application Environmental Chemistry & Microbiology Air Pollution
Elective I	
1 2 3 4	Solid Waste Management Energy & Environment Environmental & Health Environmental Engineering Lab-I
Semester II	
1 2 3	Advanced Waste Water Treatment tech Advanced Water Treatment technology Hydrology & Applied Hydraulics
Elective II	
1 2 3 4	Ground water pollution Engineering Economics Design of Environmental Engineering Environmental Engineering Lab-II
Semester III	

Environmental Impact Assessment

Dissertation Stage – I

Seminar

Industrial Waste Water Treatment Tech

1

2

3 4

Semester IV

1 Dissertation Stage -II
