

M-Tech – Environmental Engineering

Semester I

- 1 Optimization Techniques & Application
- 2 Environmental Chemistry & Microbiology
- 3 Air Pollution

Elective I

- 1 Solid Waste Management
- 2 Energy & Environment
- 3 Environmental & Health
- 4 Environmental Engineering Lab-I

Semester II

- 1 Advanced Waste Water Treatment tech
- 2 Advanced Water Treatment technology
- 3 Hydrology & Applied Hydraulics

Elective II

- 1 Ground water pollution
- 2 Engineering Economics
- 3 Design of Environmental Engineering
- 4 Environmental Engineering Lab-II

Semester III

- 1 Environmental Impact Assessment
- 2 Industrial Waste Water Treatment Tech
- 3 Dissertation Stage – I
- 4 Seminar

Semester IV

1

Dissertation Stage -II
